

The mobile suction unit for dental offices and inhouse labs

SILENT XS

Chairside or in the in-house lab, grinding tasks generate airborne dust that spreads everywhere without a mobile suction unit. With SILENT XS, you have the solution right at hand: compact, cordless and versatile - right where you need it.

**Stop
airborne
grinding dust**

**Small and yet
so powerful**

Compact to fit the standard tray, powerful for effective suction: SILENT XS with 510 l/min suction power. Battery-powered for maximum flexibility.

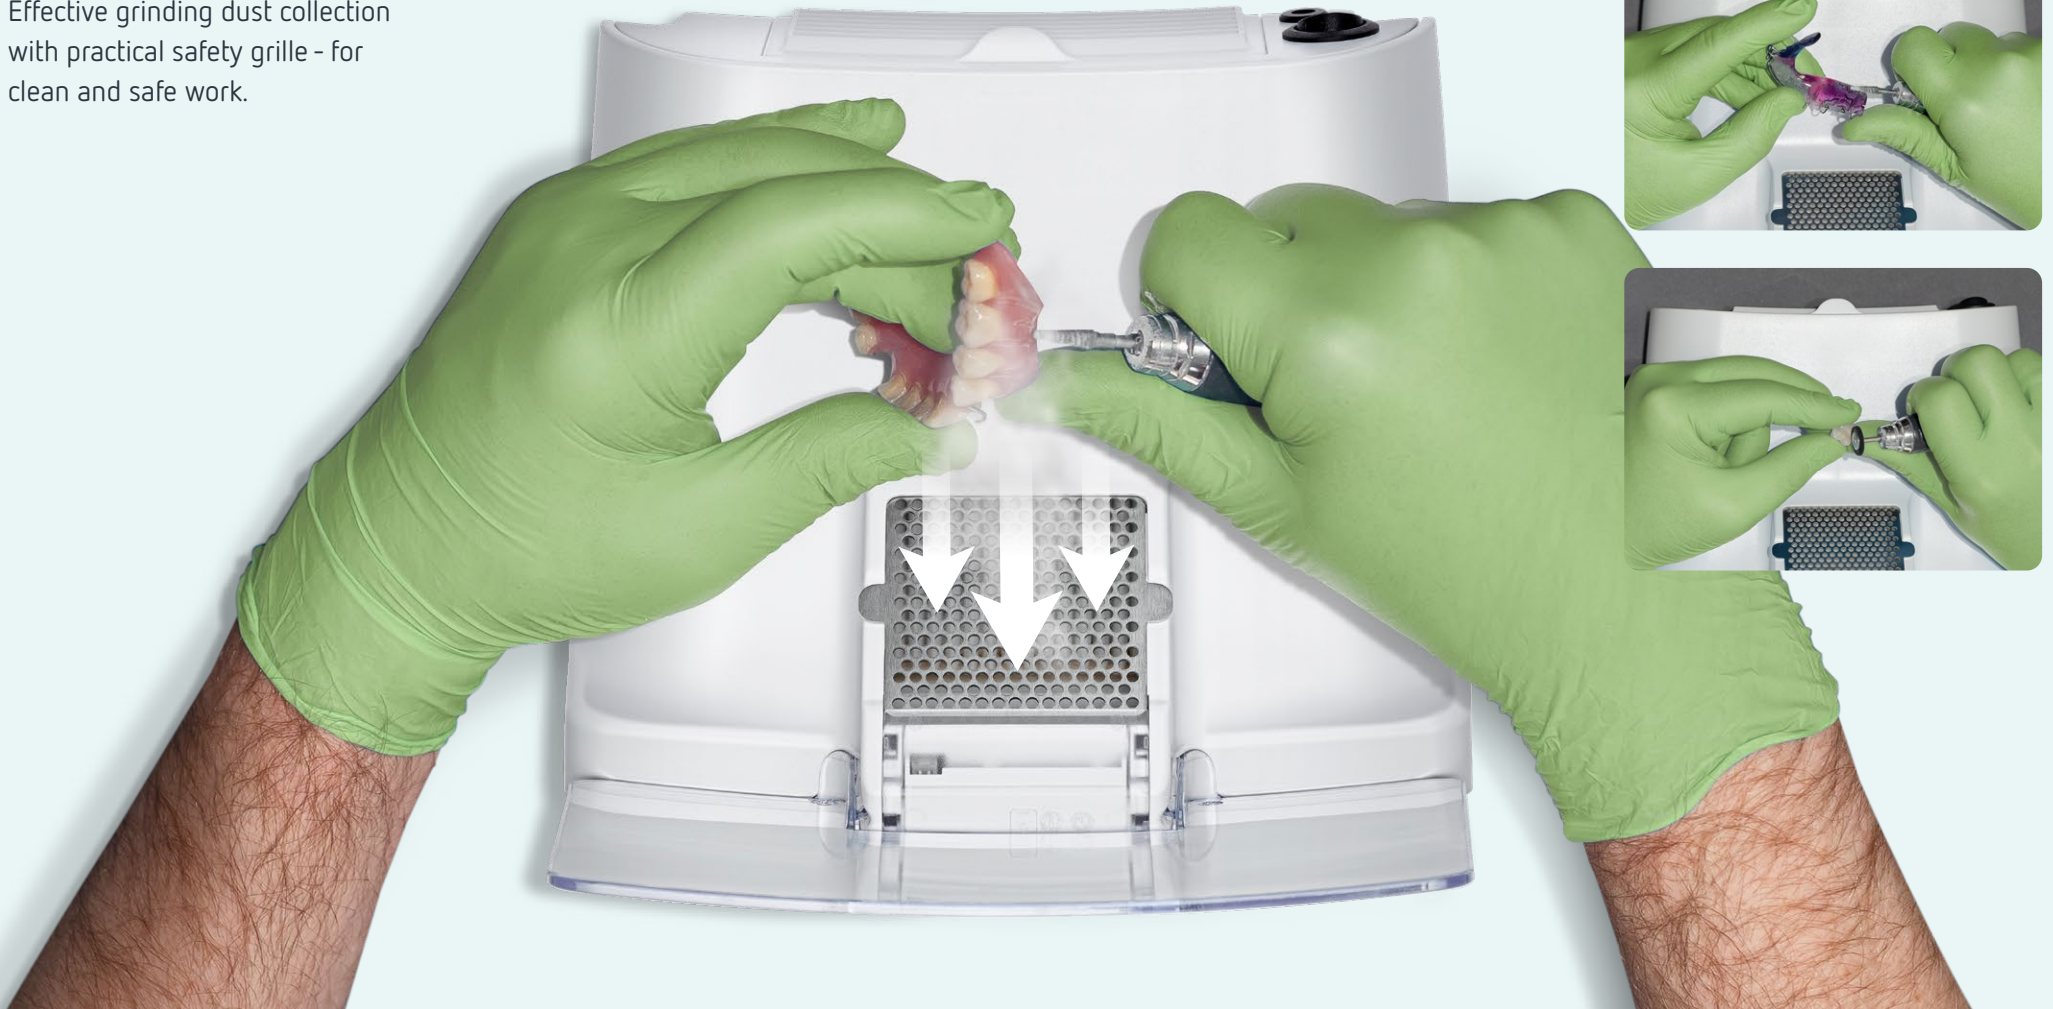

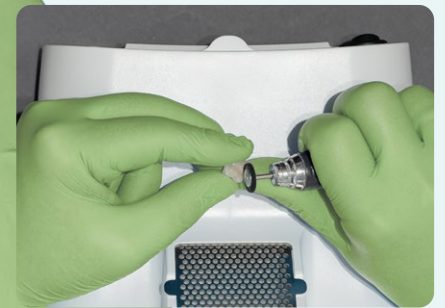

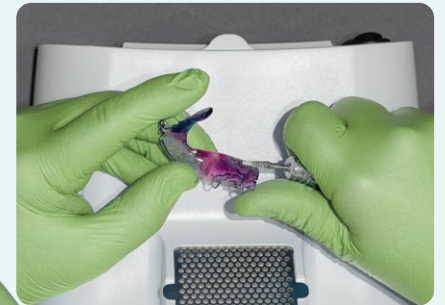

Dimensions
Height: 15 cm
Length: 18 cm
Width: 23 cm

Small. Powerful. Cordless.

Effective grinding dust collection
with practical safety grille - for
clean and safe work.

Wide range of applications

Flexible

Cordless and battery-powered for maximum freedom of movement - from chairside to inhouse lab.

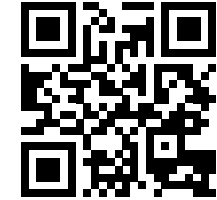

Easy

One-handed operation and LED lighting for an optimum view of the workpiece. Perfect for quick grinding tasks.

Clean

Bag-free and with H13/HEPA material for reliable protection. Up to 99.995 % collector efficiency.

Testimonials from the industry

"I don't need a stationary dust collector for the small grinding tasks in my dental office. SILENT XS is the ideal solution: it's light, mobile and ready for immediate use."

Dr. Jasmine Boudjemia,
Dentist from France

Dr. Waleed Abu Sabe
Dentist from Kuwait

making work easy
