

making work easy

Press release

Hilzingen, Germany – July 2026

Renfert and Dental Art announce new partnership Two brands. One Vision.

Renfert and Dental Art are pleased to announce a new partnership that brings together two companies with a long tradition of innovation, quality, and customer focus in the dental industry. United by a shared vision, both companies aim to create greater value for dental professionals through joint initiatives, new projects, and integrated solutions.

For decades, Renfert and Dental Art have supported dental technicians, dentists, practices, and laboratories with products and solutions designed to simplify daily workflows and improve working environments. Through this partnership, both companies will combine their expertise to develop new opportunities for customers, strengthen their market presence, and foster innovation across the dental sector.

The collaboration is built on a common understanding of the challenges faced by modern dental practices and laboratories. By joining forces, Renfert and Dental Art will explore new ways to support professionals with solutions that enhance efficiency, ergonomics, functionality, and user experience.

More than a business agreement, the partnership represents a shared commitment to helping dental professionals succeed in an evolving market. The first joint initiatives are already in preparation, with further developments to be announced in the coming months.

Two brands. One vision. marks the beginning of a new chapter for both companies — one driven by cooperation, innovation, and the ambition to create meaningful benefits for dental professionals worldwide. This is just the beginning. We look forward to sharing what is next.

About Renfert

Renfert develops and manufactures equipment, instruments, and materials for the dental industry with a heritage dating back to 1925. From the very beginning, Renfert's foundation has been built on a passion for premium-quality dental products and a commitment to making the daily routines in dental laboratories as well as dental and orthodontic clinics easier and more efficient — true to the motto: "making work easy www.renfert.com

About Dental Art

Since 1973 Dental Art has been designing and manufacturing cabinets and furniture for the dental industry. Design, materials, attention to safety and hygiene and maniacal attention to detail, are the distinctive characteristics of the company and of the products, strictly designed & made in Italy. All this, combined with the ability to satisfy every specific need with highly customized solutions, allows the company to have a leading role in the international dental sector over the years.
